

## Saddlebags & Secateurs –2010

Saddlebags & Secateurs is a voluntary community scheme to encourage groups and individuals to use the Clay Trails to help keep them in good order. Maintenance days can involve tasks such as vegetation clearance, tree planting, repairing damage to shelters, signage, gates and boardwalks, as well as light trail surface repair as required. The work is suitable for people of all ages and abilities and children are very welcome as long as they are supervised by an adult.

Refreshments and tools are provided and no knowledge is required. Bring stout footwear and suitable old clothing for the weather.

We hope you can join us for some of the dates below. Please do encourage friends and family to come along too so that we can continue to expand as a group. Most sessions take place between **10am - 3pm** or **6pm - 8pm**. Please check individual events for details. More dates may be added. Lunch on most day-tasks will be provided: **please phone the office so we know how many are coming.**

### Contact:

When lunch is provided please contact David Readman so we know how many people are coming:
